Vol. 64. INDEX

Fasc. 1—2. (May—June 1965.)

The Metabolism of Fatty Acids in the Rat. VI. Arachidonic Acid. By G. Göransson 1

The Steady State and Endogenous Respiration in Neuron and Glia. By H. Hydén and P. W. Lange 6

Some Mechanical Aspects of an Intestinal Smooth Muscle. By A. K. G. Åberg and J. Axelsson 15

The Effect of Removing and Readmitting Glucose on the Electrical and Mechanical Activity and Glucose and Glycogen Content of Intestinal Smooth Muscle from the Taenia Coli of the Guinea Pig. By. J. Axelsson, S. G. R. Högberg and A. R. Timms 28

Auditory Activity in Uncrossed Centrifugal Cochlear Fibres in Cat. A Study of a Feedback System, II. By J. Fex 43

Identification and Cellular Localization of the Catecholamines in the Retina and the Choroid of the Rabbit. By J. Häggendal and T. Malmfors 58

A Comparison of Neural and Psychophysical Responses to Taste Stimuli in Man. By H. Diamant, B. Oakley, L. Ström, C. Wells and Y. Zotterman 67

The Distribution of Adrenergic Nerve Fibres to the Blood Vessels in Skeletal Muscle. By K. Fuxe and G. Sedvall 75

The Magnitude of the Skimming Phenomenon in the Interlobular Arteries of the Cat Kidney. By O. I. Nissen 87

The Effect of Osmotic Pressure Changes on the Isolated Muscle Spindle. By D. Ottoson 93

The Effect of Small Doses of Chemically Pure Secretin on the Volume and Bicarbonate Output of the Pancreatic Juice in Dogs. By H. Säteri, L. Thulin and B. Welander 106

Effect of Potassium on the Movement of Water Across the Isolated Amphibian Skin. By L. Share and H. H. Ussing 109

Monoamines in the Swimbladder of Gadus callarias and Salmo irideus. By G. Fahlén, B. Falck and E. Rosengren 119

Occurrence of Dihydroxyphenylalanine Decarboxylase in Nerves of the Spinal Cord and Sympathetically Innervated Organs. By N.-E. Andén, T. Magnusson and E. Rosengren 127

The Urinary Excretion and the Tissue Uptake of Noradrenaline after Severe Tissue Depletion of Noradrenaline by α-Methyl-Meta-Tyrosine and Metaraminol. By N.-E. Andén 136

Properties of Afferent Connections to the Rostral Spinocerebellar Tract in the Cat. By O. Oscarsson and N. Uddenberg 143

Integrative Organization of the Rostral Spinocerebellar Tract in the Cat. By O. Oscarsson 154

The in Vivo Effect of Angiotensin and Noradrenaline on the Proximal Tubular Reabsorption of Salt in Mammalian Kidneys. By P. P. Leyssac 167

The Luminal Occlusion Time of Proximal Tubules in Kidneys of Young Rats. By P. P. Leyssac 176

The Uptake of Inspired $^{14}CO_2$ into the Acid-Labile, the Acid-Soluble, the Lipid, the Protein and the Nucleic Acid Fractions of Rat Brain Tissue. By B. K. Siesjö and W. O' B. Thompson 182

Fasc. 3. (July 1965.)

5-Hydroxyindoleacetic Acid of Rabbit Spinal Cord Normally and after Transection. By N.-E. ANDÉN, T. MAGNUSSON, B. -E. ROOS and B. WERDINIUS 193
Distribution of Monoamines and Dihydroxyphenylalanine Decarboxylase Activity in the Spinal Cord. By N.-E. ANDÉN 197
The Metabolism of Fatty Acids in the Rat. VII. Linoleic Acid. By G. GÖRANSSON 204
Direct Studies on the Disappearance of the Transmitter and Changes in the Uptake-Storage Mechanisms of Degenerating Adrenergic Nerves. By T. MALMFORS and CH. SACHS 211
On the Mechanism for the Stimulating Action of Reserpine on Acid Secretion in Gastric Fistula Cats. By S. EMÅS 224
Renal Clearances of Inulin, Polyfructosan-S and a Polyethylene Glycol (PEG 1,000) in the Rat. By F. BERGLUND 238
The Effect of Dextran and Some other Colloids on the Suspension Stability of Blood from Different Species. By R. ELIASSON and U. SAMELIUS-BROBERG 245
Adrenergic Transmission at Vasoconstrictor Nerve Terminals Partially Depleted of Noradrenaline. G. SEDVALL and J. THORSON 251
Absence of Monoamines in Olivo-Cochlear Fibres in Cat. By J. FEX, K. FUXE and G. LENNERSTRAND 259
Exchangeable Water, Sodium and Chloride in the Skin of Mice. By H. LANGGÅRD 263
The Transport Form of Free Fatty Acids in Rat Serum. A study in vitro using gel filtration. By G. GÖRANSSON 269
Energetics of Isometric and Isotonic Contraction in Isolated Vascular Smooth Muscle under Anaerobic Conditions. By L. LUNDHOLM and E. MOHME-LUNDHOLM 275
Uptake of Monoamines by Mesenteric Mast Cells of the Mouse. By O. ERÄNKÖ and L. KAUKO 283
Adrenergic Synaptic Terminals in Autonomic Ganglia. By B. HAMBERGER, K.-A. NORBERG and U. UNGERSTEDT 285
Catecholamines in the Preaortal Paraganglia of Fetal Rabbits. By T. BRUNDIN .. 287

Fasc. 4. (August 1965.)

Studies on the Peripheral Circulation and Metabolism in Man. IV. Oxygen Utilization and Lactate Formation in the Legs of Healthy Young Men during Strenuous Exercise. By B. PERNOW, J. WAHREN and S. ZETTERQUIST 289
Studies on the Elimination of Exogenous Lipids from the Blood Stream. The Kinetics of the Elimination of a Fat Emulsion Studied by a Constant Infusion Technique in Man. By D. HALLBERG 299
Studies on the Elimination of Exogenous Lipids from the Blood Stream. The Kinetics of the Elimination of a Fat Emulsion Studies by Single Injection Technique in Man. By D. HALLBERG 306
On the Regulation of Sweat Secretion in Exercise. By B. NIELSEN and M. NIELSEN 314
Influence of Passive and Active Heating on the Temperature Regulation of Man. By B. NIELSEN and M. NIELSEN 323

Cardiovascular and Metabolic Response to Infusions of Prostaglandin E_1 and to Simultaneous Infusions of Noradrenaline and Prostaglandin E_1 in Man. Prostaglandin and related factors 35. By S. Bergström, L. A. Carlson, L.-G. Ekelund and L. Orö 332
Potassium Induced Release of Transmitter at the Human Neuromuscular Junction. By D. Elmqvist 340
Inhibitory Action from the Flexor Reflex Afferents on Transmission to Ia Afferents. By S. Lund, A. Lundberg and L. Vyklický 345
Effect of Cortisone on the Hydroxyproline in the Serum and Urine of Young Rats. By K. I. Kivirikko and O. Laitinen 356
Ionic Accumulation by Water Flow through a Membrane. By S. I. Rapoport . 361
A Micromethod for the Determination of Carbon Monoxide in Blood. By H. Linderholm 372
Direct Demonstration of the Systems of Terminals Belonging to an Individual Adrenergic Neuron and Their Distribution in Rat Iris. By T. Malmfors and Ch. Sachs 377
The Metabolism of Fatty Acids in the Rat. VIII. Lauric Acid and Myristic Acid. By G. Göransson 383
The Incorporation of Fatty Acids into the Alpha and Beta Positions of Liver and Adipose Tissue Lipids of the Rat. By G. Göransson 387
Electrophysiological Investigation of the Gustatory Effect of Ethyl Alcohol. I: The Summated Response of the Chorda Tympani in the Cat, Dog and Rat. By G. Hellekant 392
Electrophysiological Investigation of the Gustatory Effect of Ethyl Alcohol. II: A Single Fibre Analysis in the Cat. By G. Hellekant 398
The Permeability of Brain Capillaries to Non-Electrolytes. By C. Crone 407
Some Factors Regulating Normal Arylesterase Activity of Blood Plasma in Rats. By K.-B. Augustinsson and B. Henricson 418
Influence of the Thymus on Thyroxin-induced Changes in Blood Lymphocytes of Young Guinea-pigs. By U. Ernström and B. Larsson 426
On the Occurrence of Tyramine in the Rabbit Brain. By L.-M. Gunne and J. Jonsson 434
Effect of Ganglionic Blocking Drugs on Blood Glucose, Amino Acids, Free Fatty Acisds and Catecholamines at Exercise in Man. By A. Carlsten, J. Häggendal, B. Hallgren, R. Jagenburg, A. Svanborg and L. Werkö 439
Determination of the Mixed Venous CO_2 Pressure with a Rebreathing Method. By G. Lundin and D. Thomson 448
Vagal Relaxation of the Stomach. Experimental Re-investigation of the Concept of the Transmission Mechanism. By J. Martinson 453
Effects of Follicle Stimulating Hormone on Amino Acid Transport and Protein Biosynthesis in the Isolated Rat Ovary. By K. Ahrén and L. Rubinstein 463
Spontaneous Activity at a Mammalian Neuromuscular Junction in Tetrodotoxin. By D. Elmqvist and D. S. Feldman 475
A Dye Dilution Method for the Determination of Brachial Artery Blood Flow During Forearm Exercise in Man. By J. Wahren 477
Lipid Mobilization in Essential Fatty Acid Deficient Rats. By S. Bergström and L. A. Carlson 479

Supplementum 244. Studies on Exercise Hyperemia. By I. KJELLMER.
Supplementum 245. Molecular Properties of Cholinesterases. By O. SVENSMARK.
Supplementum 246. Accelerated Transfer of Oxygen through Solutions of Heme Pigments By E. A. HEMMINGSEN
Supplementum 247. Eficence for the Existence of Monoamine Neurons in the Central Nervous System. By A. DAHLSTRÖM and K. FUXE.
Supplementum 248. Studies on Adrenergic Nerves. By T. MALMFORS.
Supplementum 249. Neuromuscular Transmission with Special Reference to Myasthenia Gravis. By D. ELMQVIST.

INDEX AUCTORUM

Åberg, A. K. G. and J. Axelsson, Intestinal Smooth Muscle 15
Ahrén, K. and L. Rubinstein, FSH and Isolated Rat Ovaries 463
Andén, N.-E., NA Metabolism after NA Displacement 136
Andén, N.-E., Monoamines in the Spinal Cord 197
Andén, N.-E., T. Magnusson and E. Rosengren, DOPA Decarboxylase in Nerves 127
Andén, N.-E., T. Magnusson, B.-E. Roos and B. Werdinius, 5-HIAA after Spinal Cord Transection 193
Axelsson, J. and A. K. G. Åberg, Intestinal Smooth Muscle 15
Axelsson, J., S. G. R. Högberg and A. R. Timms, Glucose Action on Smooth Muscle 28
Augustinsson, K.-B. and B. Henricson, Arylesterase Activity in Plasma 418
Berglund, F., Inulin/Peg 1,000 Clearance Ratios in the Rat 238
Bergström, S. and L. A. Carlson, Lipid Mobiligation in Rats 479
Bergström, S., L. A. Carlson, L.-G. Ekelund and L. Orö, Effects of PGE_1 in Man 332
Brundin, T., Catecholamines in Paraganglia 287
Carlson, L. A. and S. Bergström, Lipid Mobiligation in Rats 479
Carlson, L. A., S. Bergström, L.-G. Ekelund and L. Orö, Effects of PGE_1 in Man 332
Carlsten, A., J. Häggendal, B. Hallgren, R. Jagenburg, A. Svanborg and L. Werkö, Ganglionic Blocking Drugs in Exercise 439
Crone, C., Permeability of Brain Capillaries 407
Diamant, H., B. Oakley, L. Ström, C. Wells and Y. Zotterman, Human State Nerve Responses 67
Ekelund, L.-G., S. Bergström, L. A. Carlson and L. Orö, Effects of PGE_1 in Man 332
Eliasson, R. and U. Samelius-Broberg, Dextran and Suspension Stability 245
Elmqvist, D., KCL and Quantal Release of ACH 340
Elmqvist, D. and D. S. Feldman, Mammalian Neurosmuscular Junction in Tetrodotoxin 475
Emås, S., Gastric Secretory Response to Reserpine 224
Eränkö, O. and L. Kauko, Uptake of Monoamines in Mast Cells 283
Ernström, U. and B. Larsson, Thymus and Lymphocytes 426
Fahlén, G., B. Falck and E. Rosengren, Monoamines in the Swimbladder ... 119
Falck, B., G. Fahlén and E. Rosengren, Monoamines in the Swimbladder ... 119
Feldman, D. S. and D. Elmqvist, Mammalian Neuromuscular Junction in Tetrodotoxin 475
Fex, J., Centrifugal Cochlear Fibres 43
Fex, J., K. Fuxe and G. Lennerstrand, Absence of Monoamines in Brain Tract 259
Fuxe, K. and G. Sedvall, Adrenergic Nerve Fibres in Blood Vessels 75
Fuxe, K., J. Fex and G. Lennerstrand, Absence of Monoamines in Brain Tract 259
Göransson, G., Arachidonic Acid Metabolism 1
Göransson, G., Linoleic Acid Metabolism 204
Göransson, G., The Transport Form of Free Fatty Acids 269
Göransson, G., Lauric and Myristic Acid Metabolism 383

GÖRANSSON, G., Positional Distribution of Fatty Acids in Rat Lipids 387
GUNNE, L.-M. and J. JONSSON, Tyramine in Rabbit Brain 434
HÄGGENDAL, J. and T. MALMFORS, Catecholamines in Retina 58
HÄGGENDAL, J., A. CARLSTEN, B. HALLGREN, R. JAGENBURG, A. SVANBORG and L. WERKÖ, Ganglionic Blocking Drugs in Exercise 439
HALLBERG, D., Elimination of Exogenous Lipids in Man 299
HALLBERG, D., Elimination of Exogenous Lipids in Man. II. 306
HALLGREN, B., A. CARLSTEN, J. HÄGGENDAL, R. JAGENBURG, A. SVANBORG and L. WERKÖ, Ganglionic Blocking Drugs in Exercise 439
HAMBERGER, B., K.-A. NORBERG and U. UNGERSTEDT, Adrenergic Synaptic Terminas 285
HELLEKANT, G., Gustatory Effect of Alcohol. I. 392
HELLEKANT, G., Gustatory Effect of Alcohol. II. 398
HENRICSON, B. and K.-B. AUGUSTINSSON, Arylesterase Activity in Plasma 418
HÖGBERG, S. G. R., J. AXELSSON and A. R. TIMMS, Glucose Action on Smooth Muscle 28
HYDÉN, H. and P. W. LANGE, Respiration in Neuron and Glia 6
JAGENBURG, R., A. CARLSTEN, J. HÄGGENDAL, B. HALLGREN, A. SVANBORG and L. WERKÖ, Ganglionic Blocking Drugs in Exercise 439
JONSSON, J. and L.-M. GUNNE, Tyramine in Rabbit Brain 434
KAUKO, L. and O. ERÄNKÖ, Uptake of Monoamines in Mast Cells 283
KIVIRIKKO, K. I. and O. LAITINEN, Cortisone and Hydroxyproline 356
LAITINEN, O. and K. I. KIVIRIKKO, Cortisone and Hydroxyproline 356
LANGE, P. W. and H. HYDÉN, Respiration in Neuron and Glia 6
LANGGÅRD, H., Exchangeable H_2O, NA and CL in Skin 263
LARSSON, B. and U. ERNSTRÖM, Thymus and Lymphocytes 426
LENNERSTRAND, G., J. FEX and K. FUXE, Absence of Monoamines in Brain Tract 259
LEYSSAC, P. P., Tubular Reabsorption of Salt 167
LEYSSAC, P. P., Luminal Occlusion Time of Tubules 176
LINDERHOLM, H., Micromethod for CO in Blood 372
LUND, S., A. LUNDBERG and L. VYKLICKY, Inhibition of Transmission to Ia Afferents 345
LUNDBERG, A., S. LUND and L. VYKLICKÝ, Inhibition of Transmission to Ia Afferents 345
LUNDHOLM, L. and E. MOHME-LUNDHOLM, Contraction in Vascular Smooth Muscle 275
LUNDIN, G. and D. THOMSON, Mixed Venous CO_2 — a Rebreathing Method 448
MAGNUSSON, T., N.-E. ANDÉN and E. ROSENGREN, Dopa Decarboxylase in Nerves 127
MAGNUSSON, T., N.-E. ANDÉN, B.-E. ROOS and B. WERDINIUS, 5-HIAA after Spinal Cord Transection 193
MALMFORS, T. and J. HÄGGENDAL, Catecholamines in Retina 58
MALMFORS, T. and CH. SACHS, Systems of Adrenergic Terminals in Iris 377
MALMFORS, T. and CH. SACHS, Degeneration of Adrenergic Nerves 211
MARTINSON, J., Vagal Relaxation of the Stomach 453
MOHME-LUNDHOLM, E. and L. LUNDHOLM, Contraction in Vascular Smooth Muscle 275
NIELSEN, B. and M. NIELSEN, Sweat Secretion in Exercise 314
NIELSEN, B. and M. Nielsen, Passive and Active Heating in Man 323

Nissen, O. I., Magnitude of Skimming Phenomenon 87
Norberg, K.-A., B. Hamberger and U. Ungerstedt, Adrenergic Synaptic Terminals 285
